

Working with Missing Children – Communication and Inter-personal skills to engage young people

Missing People will provide you with 3.5 hours of training on existing communication and inter-personal skills to effectively work with young people –

To learn about communicating with missing and runaway young people (with a focus on return home interviews and prevention interviews)

To demonstrate active listening skills during conversations with missing young people

To understand how challenging it is for a child who has been missing to disclose and how to minimise the challenge in a supportive manner.

Learn about the tools and tactics for working with missing children and their families and what help is available including referring missing children and their families to Missing People's services

Who should attend? Police officers, Social Workers, Support Workers, Voluntary sector (anyone working face to face with vulnerable missing children)
